

SUPERVISION OF SHIP LOADING / UNLOADING AND HANDLING OPERATIONS

Description:

During handling operations, there may be damage or loss; we are present to observe and account these damages or losses.

Goals:

Preserve your interests in case of problems.

Target:

Exporters, Importers, Industrialists and Buyers / Sellers in general.

How:

Inspect ship holds, containers, wagons ... before loading

Visually inspect the cargo before unloading

Count and weight if ever be the case

Keep a record of the working periods (Time Log, because very often the importer must pay the stevedore for the time actually worked)

Note, Notify and Propose corrective actions

Benefits / Advantages:

Inspections are carried out by a neutral and independent Party

In the event of a complaint you can assert your rights

Duration / Pricing: It all depends on the duration of the mandate and the place where the work takes place
